GERMAN RIESLINGS				
Reichsgraf von Kesselstatt (Mosel)				
Founded in 1349! A popular producer in Germany. In Singapore, Kesselstatt is known among frequent flyers on SIA Business Class because it won the blind tasting tender twice. It was also served on board SIA First Class . On the local wine scene in Singapore, wine judges are familiar with Kesselstatt because of its consistent award-winning performance . 36 hectares of prime Grand Cru vineyards in Mosel, Saar and Ruwer! The famous Josephshofer (monopol) and Scharzhofberger have long charmed connoisseurs and professionals with their longevity and delicacy. RK is one of the best selling German Rieslings in SG!				
1	Majorat Brut Sparkling Riesling	2018	55	Methode Traditionelle. Medium dry and fruity (stone fruits) sparkling Riesling! Great for events and appeals to consumers. 13% alcohol. Approx. 10g/l RS (BRUT).
2	RK Riesling	2022	40	ETA March 2024. Slightly sweet. This is our best selling German Riesling! Slightly sweet. You cannot go wrong with RK! It is an established name in SG. Approx. 28g/l RS. Alcohol: 10.5%. BEST SELLER!
3	Schloss Marienlay Riesling trocken	2011	59	Dry Riesling, specially handpicked by us. Mature and complex now. A blend of Riesling from Mosel, Saar and Ruwer sites of Kesselstatt. Top 10 Riesling by Appetite magazine, Top 100 wine at Peak 'G'!

24	Josephshöfer Riesling GG	2019	88	Ripe fruit notes reminiscent of orange zest, peach and apricot, rounded off with notable minerality on the finish. Quite intense and medium + bodied, yet good degree of finesse. Medium+ finish.. Pure pleasure with each sip. Alc: 13%. Mosel Fine Wines 91/100
25	Scharzhofberger Riesling GG	2019	90	This Riesling has a fine vein of flint and gooseberry as well as a delicate mouthfeel and that very typical fine saline note that many Scharzhofberger share. Good ripeness - stone fruits and citrus. Minerality wonderfully integrated into the ensemble. Tension right through to the last drop. Alc: 13.5%. Echelmann 91/100.
26	" " "	2016	95	An aristocrat among wines. Spicy and invigorating, with a wonderful nose of flint, lime blossom, gooseberry and wet slate. This Scharzhofberger is very refined, typical salty minerality that will become even more distinctive with age, combining elegance with suppleness. This noble wine originates from ungrafted vines aged up to 80 years old, situated in the heart of the Scharzhofberg. Alc: 12%. Wine Enthusiast 93/100. Fine Wine Review 92+, James Suckling 91.
27	Nies'chen Riesling GG	2016	SOLD OUT	The is an elegant GG. Delicate fruity and floral aromas of blackcurrant, vanilla, ripe melon and elderflower. A fascinating structure emerges on the palate – at once both delicate and expressive, with that classic Ruwer note of exquisite minerality lending the wine a long finish. Nies'Chen is one of the top Ruwer Grand Crus. Mosel Fine Wines 92 , Fine Wine Review 92, Wine Enthusiast 94/100.
28	Piesporter Goldtropchen Riesling GG	2018	SOLD OUT	A floral entry on the note, quickly replaced by yellow-fruit notes of apricot, nectarine and peach. Intense ripe fruits linger quite long on the palate, coating the mouth. This Riesling has complex fruits and some minerally. A gorgeous food wine. Mosel Fine Wines 90/100.

Dönnhoff (Nahe)				
<p>Highly sought after and certainly one of the best dry German Riesling producers. 'These are some of the most justifiably fashionable and hardest-to-find Rieslings in the wine world and worth all the effort that it takes to latch on to a few bottles.' The World's Greatest Wine Estates by Robert Parker. We fell in love with their dry Rieslings when we visited them in 2009. Did you know that over 90% of the Rieslings sold in Germany are dry?! Must try. Excellent with most entrees and also with our local cuisines.</p>				
1	Riesling trocken	2022	47	Refreshing, crisp and clean dry Riesling. Won several local awards! We have always believed that a great producer must make great entry level wines! This is one! Believe us that at today's SG prices and 9% GST, it is hard to find a quality BASIC wine at less than SGD 50!
2	Tonschiefer Riesling trocken	2022	63	Actually a single vineyard dry Riesling from Oberhauser Listenberg. Quite a big step up in terms of ripeness and concentration. Tonschiefer refers to broken slate.
3	Roxheimer Hollenpfad Riesling trocken	2022	75	New vineyard acquired by Donnhoff a few years ago. 2012 vintage was quickly sold out. This is 1er Cru equivalent (one step below GG) if you will. Highly recommended . It's a stunning wine at this price . Hollenpfad literally means 'path to Hell!' because of the expression used by the harvest people who find the work up the steep red sandstone vineyard very hard. Delicate aroma yet intense. Elegance written all over...
4	Hollenpfad im Muhlenberg Riesling GG	2022	93	JS 98 and WA 94. This is a Grand Cru vineyard of Hollenpfad where old vines are grown. More intense minerality from red sandstone. As mentioned, above, Hollenpfad is a newly acquired vineyard. It is really good, if not they wouldn't buy!
5	Felsenberg Riesling GG	2022	95	Volcanic soil. A stand out mineral wine when tasted along side the other Donnhoff GGs. We like...Highly recommended!! JS 97/100, WA 93, JR 18.5/20, Vinous 93.
6	Delichen Riesling GG	2022	100	Floral, ripe citrus, superb concentration and balanced acidity and minerality. JS 100, WA 96.
7	Hermannshöhle Riesling GG	2022	115	Donnhoff's flagship dry Grand Cru Riesling. Rated JS 99 and WA 97 . Very famous in Germany and also worldwide after winning the Riesling Cup Best Dry Riesling with his 2014 vintage that makes him the only 4 times winner!!! Limited. Max. 6 per customer.

Van Volxem (Saar) - organic viticulture (not certified) Purchased in 1999 by the scion of one of the wealthiest family in Germany - the Bitburger beer family who also owns Gerolsteiner mineral water. Roman Niewodniczanski aims to revive the reputation of German Riesling as the most expensive and sought after wines in the world like they did in pre World War I. Dry to Medium dry styled Riesling - the way German Rieslings used to be in the 19th century and early 20th century. The best of everything and most importantly lots of human efforts are employed here to pursue this aim. In a little over 10 years, Roman has made Van Volxem wines highly sought after in Germany (his wines sell out very fast!) and has expanded from 15 hectares to now over 60 hectares - one of the largest private vineyard owners in the Mosel. We love the 'basic' Saar Riesling and the superb value Alte Reben. Almost all his wines are dry. Don't miss out the Scharzhofberger too!

Zilliken (Saar)				
<p>One of the top sweet German Riesling producers! Since 1742 but it was Ferdinand Geltz (1851-1925) who built the reputation. In 1947, granddaughter of Ferdinand Geltz married Fritz Zilliken. Recently taken over by Dorothee Zilliken after understudying with her father for 10 years. Located in the village of Saarburg, Saar (now collectively known as Mosel). Only 11 hectares (10ha Rausch – Devonian slate and Diabase + 1ha Bockstein – Devonian slate and quartz, both Grosse Lage). All vineyards are steep and south facing so manual harvesting. Annual production of only approx. 80,000 bottles, all estate bottled (Gutsabfullung). i.e. no purchased grapes even for their basic Butterfly! Wines are vinified in traditional neutral Fuder (1000 litres oak casks). Zilliken has the deepest cellar in the Saar. Almost 100% humidity and around 11 degrees. Nearby springs. Their wines are famous for their delicacy and lightness yet with great longevity!</p>				
1	Butterfly Riesling	2021	47	Medium dry - approx 18g/l RS. 11% abv. Zilliken's best selling Riesling. Yes, even this basic wine comes from declassified Grand Cru vineyards! So fresh and pure. Must try! The name Butterfly comes from this wine being light weighted, elegant and bright stone fruits - like a butterfly. Won GOLD at UOB-Tower Club Wine Awards 2016.
2	Riesling	2020	45	Traditional slightly sweet styled.
3	Rausch Riesling Kabinett	2021	60	An excellent Kabinett. So precise and pure. Fresh white peach, ripe lime and lemon. We adore this. 2014 vintage won GOLD at UOB-Tower Club Wine Awards 2016. It also won Best Riesling Kabinett of 2015 vintage by Gault Millau!

<p>Kühling-Gillot (Rheinhessen) - Organic certified and Biodynamic farming</p> <p>One of the leading names of Rheinhessen. Some of us who formally learn wines know that Rheinhessen, alongside Pfalz, is the largest wine production region of Germany. However, only insiders and serious enthusiasts know that there has been a renaissance in the last 10 to 15 years in both these regions where many <u>young and dynamic winemakers</u> are taking Rheinhessen and Pfalz to quality heights. So great they easily rival the best of Mosel, Nahe or Rheingau. Kühling-Gillot is one such producer. Managed by Carolyn Gillot and her husband Oliver Spanier (the winemaker). When she took over her father's reign, Kühling-Gillot was already known but now they are certainly the flagbearers of Rheinhessen. Their Grand Cru vineyards are on the upper Rheinhessen, specifically on the famous Roter Hang (red slopes) where traditionally the best Riesling are grown. The soil here is red slate (very rare even in Germany). As you probably can guess, it is due to the high amount of iron oxide in the slates. Excellent ripe fruit intensity + good acid and mineral tension would be how we describe their wines. They have, of course, won many awards include 100 points for the Rothenberg wurzelecht GG 2018 in the Gault Millau Weinguide 2020, Best Winemaker of Vinum Weinguide 2018, Best Dry Riesling in Gault Millau Weinguide 2016 and Best Winemaker in the Falstaff Wein Trophy 2015. Once you have tasted the fruit quality and energy of the wines, you will surely agree! Even the basic Qvinterra Riesling rocks! All their wines are dry. :)</p>

1	Qvinterra Riesling trocken	2021	47	Am excellent basic dry Riesling! Even at this level you get apparent minerality. Fresh, juicy and just ripe citrus with good vibrancy. Alcohol: 12%. This is as they say their 'business card' so you can trust that a lot of efforts are put in every vintage. This explains why they regularly come in top 3 Best Dry Gutswein (Estate) Riesling.
2	Nackenheim Riesling trocken	2021	65	One of the famous village on the Roter Hang (red slopes). This is the village where Rothenberg Grand Cru is located.

Battenfeld Spanier (Rheinhesen) - Organic certified and Biodynamic farming				
<p>We visited Kühling-Gillot with the intention of tasting their wines and getting to know them before we decide to import them. We were welcomed by Oliver Spanier (the husband of Carolin Gillot and the winemaker for both Kühling-Gillot and Battenfeld Spanier) who asked us if we wish to see the vineyards first. Those were the vineyards of Battenfeld Spanier (BS) as both KG and BS wines are made in the estate of BS. We were really impressed to see the limestone soil (our favourite soil for vines closely followed slates and granite) due to the very shallow top soils on the vineyards. You could see white-ish limestone readily as you walk the vineyards. Upon our return to the estate, he asked if we wished to taste his wines - no obligation. After we tasted his wines, we were SOLD! They are very different from KG wines. The effect of terroir (soil and microclimate) could not be more evident. Hence, we decided to import both their wines. BS wines have different minerality compared to those Riesling from slate soils like KG or Dönnhoff or Mosel wines you are familiar with. The minerality is more towards the white Burgundy type of minerality or if you have tasted the Riesling from Clos Windsbuhl which is also on limestone. Our experience tells us that most consumers who are new to Riesling are more receptive and preferred BS wines compared to KG. If you are new to Riesling, we urge you to try these wines! Stunning quality and will age gracefully. Oliver Spanier is definitely one of the most dynamic young German winemakers. Watch his wines closely and you will be rewarded. Like KG, they also won many awards. Most recent include being promoted to 5 grapes (world class) on Gault Millau Weinguide 2020 - making him on par with top guys like Dönnhoff, Zilliken, Rudolf Fürst, Huber etc. There are less than 20 of them among hundreds of German wine producers.</p>

1	Riesling trocken	2019	46	Our best-selling entry level dry Riesling alongside Dönnhoff. That says a lot! Lovely balance of fruit and acidity. Highly recommended!
2	Molsheim Riesling trocken	2021	65	While the name suggest that it is a village quality wine, Molsheim vineyards are classified as Erste Lage (1er Cru) in the VDP classification system. The vineyards on Molsheim are rather cool as they are on an elevation. Much cooler than Hohen-Sulzen where BS are based. The vines of our Molsheim Riesling dig deep into the bare limestone cliffs, which on this site are covered solely by a thin layer of gravel. Wines here are always well balanced and quite delicate . Tremendous value! Rated Gault Millau 93/100.
3	Kirchenstück Riesling GG	2021	97	Top vineyard in Hohen-Sulzen where the winery is based. Classified as Grosse Lage/Grand Cru. Loose limestone soils and more nutrients than the rocky and hard limestone soils of Herrgott. Low yield of only 35hl/ha (very low by Riesling standard). Resulting in a more fruity Grand Cru Riesling . Good ripe fruit intensity on the nose but the palate is balanced by a fine mineral backbone. Alc: 12.5%. Gault Millau 97/100! Weinwiser 18.5/20.
4	Frauenberg Riesling GG	2021	97	Pure limestone! Cooler site resulting in the longest hangtime among their sites for slow ripening (like slow cooking!). Grapes of Frauenberg are the last to be harvested. So intense minerality married with good fruit ripeness and density. We find that Frauenberg appeals more to consumers compared to Herrgott which Riesling fans and serious connoisseurs prefer. Alc: 12.5% Gault Millau 95/100. Vinum 93/100.
5	Schwarzen Herrgott Riesling GG	2019	100	Literally means black cross. The Zellerweg am schwarzen Herrgott is one of the oldest and most famous vineyards in Germany (mentioned as a vineyard as early as the 8th century), but has been forgotten for decades. Pure limestone too. The precision and purity of wines from here is amazing. Vintage over vintage, we were blown away. Ripe citrus, understated stone fruits and fine minerality. Real finesse and elegance here. Highly recommended! Falstaff 94/100.

1	Malterdinger Spätburgunder	2021	75	ETA March 2024. Grapes from the village of Malterdingen where Huber is located. Would be hard pressed to find a village Burgundy to match this quality unless you go for top domaines. 2018 vintage: Falstaff 93/100. Weinfurore 17/20. Good balance of spice, fruit and minerality.
2	Huber Malterdinger Spätburgunder (Gold capsule - library released in end 2022)	2014	90	VERY LIMITED!
3	Alte Reben Spatburgunder (equivalent to 1er cru)	2021	95	ETA March 2024. Old vines. Some declassified from Grand Cru's like Schlossberg! Super value. Try comparing this with a 1er Cru Burg...Rated Weinfurore 18/20. Gault Millau 95/100.
4	Bienenberg Spätburgunder Reserve GG	2021	155	ETA March 2024. Amazing value Grand Cru! Buy this and you will know the potential of his other Grand Cru vineyards! Bienenberg is the Grand Cru that is in the village of Malterdingen where Huber is based. Falstaff 94/100, WA 93/100, Vinum 94/100.
5	Schlossberg Spätburgunder Reserve GG	2021	175	Superb price for this thoroughbred! In a blind tasting in Singapore did you know that 2009 Schlossberg outshined Rousseau Charmes Chambertin 2009? 2018: Weinfurore 19/20, WA 95/100, Vinum 94/100.
6	Malterdinger White (Chardonnay)	2020	75	A traditional blend in Malterdingen actually. Yes, Chardonnay have been planted for more than 100 years there. In Julian Huber's hands, this accessible (tasting and price wise) wine has catapulted Bernhard Huber into a serious white wine producer, not just Pinot Noir! Approx. 30% new oak. Highly recommended!
7	Chardonnay Alte Reben	2020	88	Approx. 30% new oak. Old vines.
8	Huber Bienenberg Chardonnay GG	2020	SOLD OUT	Made by Julian Huber. In his own style. We were blown away by this wine when we (including 3 somms from Singapore) tasted at the Weingut. Excellent acidity, good precision and freshness. Love the minerality. Definitely Burgundian. A big departure from his father's ripe and oaky style.
9	Huber Schlossberg Chardonnay GG	2020	SOLD OUT	Made by Bernhard Huber. Ripe, dense and 80% new oak. Despite sounding big, in a blind, served at the correct temperature, some burg drinkers called it a Meursault! :)
10	Huber Blanc de Blancs Sekt	2013	SOLD OUT	Over 48 months on lees. This is one serious sparkling. 100% Chardonnay.

<p>Rudolf Fürst (Franken) - organic viticulture (not certified)</p> <p>If you are after the silkiest, most Burgundy like, elegant and pure Pinot Noir, look no further than Rudolf Fürst! Best Pinot producer from Franken region, Furst's Pinot are highly sought after in Germany. We love the Centgrafenberg! On par with the best Burg producers from Chambolle Musigny but a fraction of the price...but not for long so stock up! No wonder in blind tastings among wine pros (including MWs, MS and famous personality like Jancis Robinson) held in London and Hong Kong, Fürst wines came in top 5 on both occasions! Average yield of their Grand Cru Pinot Noir is only 35hl/ha. They have also started a new plot of young vines on Hundsruck Grand Cru in 2013 at very high density planting of 17,000 vines/ha! Under the hands of young and talented Sebastian Fürst, they have a great future! <i>"Rudolf Fürst is an acknowledged Pinot magician in Germany, not just with Spätburgunder (Pinot Noir), but also the earlier-ripening Frühburgunder."</i> Jancis Robinson MW</p>

1	Pinot Noir Tradition	2021	55	ETA Feb 2024. Entry level from Furst yet won GOLD at UOB-Tower Club Wine Awards 2015. Light bodied, refreshing red fruits. Great on its own or over lunch! 2019 arriving end Dec 2021.
2	Spätburgunder Bürgstädter	2021	73	Village quality level. Much more fruit than the basic Tradition. Still fresh red fruits and elegant style of Furst.
3	Spätburgunder Klingenberger	2019	88	From the village where Schlossberg Grand Cru is from. Red sandstone! More perfume, opulent yet remains fresh and delicate!
4	Spätburgunder Bürgstädter Berg	2019	95	Considered the 'little brother' of Centgrafenberg Grand Cru, this is the new name for the previous Centgrafenberg Spätburgunder. Under the initiative of Fürst family, Bürgstädter Berg received its PDO (Erste Lage in the VDP classification system) in 2016. You can consider this an equivalent of 1er Cru Burgundy.
5	Frühburgunder Bürgstädter Berg	2016/2017	SOLD OUT	Früh literally means early. This is an early ripening variety of Pinot Noir. Called Pinot Noir Précoce. Tend to be <u>more fruity</u> than Pinot Normal. Not as silky but certainly still charming due to it attractive fruity nature and measured acidity. Fürst is the leading producer of Frühburgunder in Franken. Limited production!
6	CENTGRAFENBERG Spätburgunder GG	2021	155	ETA Feb 2024. Furst's core Grand Cru...close to their hearts and ours. From the same village where the Weingut is located - Burgstadt. Fresh red fruits with some spice complexity. Limited
7	SCHLOSSBERG Spätburgunder GG	2020	188	Fürst smallest Grand Cru - 2ha. From the village of Klingenberg. Red sandstone. Up to 95 degrees slope! High density planting of 13,000 vines/ha! The main plot is right above the village centre of Klingenberg. WA 95-97/100.
8	HUNDSRÜCK Spätburgunder GG	2020	240	Very limited. Very small Grand Cru - 3 ha (of which only about 2ha used in this GG, the rest of young vines declassified into Burgstadter Berg or Burgstadt!). Flagship wine of Furst. Falstaff 98/100. WA 95-96/100.
9	Silvaner Pur Mineral	2017	47	Really yummy Silvaner. The classic pairing for white asparagus you may have heard.
10	Riesling Pur Mineral	2019	50	Really good entry level Riesling. As the name suggest...really beautiful minerality.
11	CENTGRAFENBERG Riesling GG	2018	112	Falstaff 94/100. Limited. On the lower section of Centgrafenberg. We highly recommend this wine. You will be impressed by the quality of Fürst white wines! The same pure and elegant style is carried across the range.
12	" " "	2017	118	Falstaff 94/100. JR 18/20.
13	" " "	2014	125	Limited magnums at \$250 each.
14	" " "	2012	128	-
15	Chardonnay R	2018	135	From a Grand Cru vineyard called Karthäuser. Although Chardonnay is not yet classified as a grape variety under Karthäuser - hence no GG, it should be a matter of time. This vineyard with shell limestone is perfect for Chardonnay and Weissburgunder (Pinot blanc). Fürst owns about 3ha of this exceptional vineyard.

Rings (Pfalz) - Organic certified and Biodynamic viticulture This 35ha producer is one of the rising stars in Germany. We read about them because they won several high profile Pinot Noir blind tastings which included top guns like Fürst and Huber. Subsequently, we visited them. Rings is run by two brothers Steffen and Andreas who takes care of viticulture and winemaking and their sister Simone who takes care of marketing/sales. Self taught , both Steffen and Andreas have made a name for themselves very quickly after taking over their father's fruit orchards in early 2000s! An amazing and inspiring accomplishment! We tasted across the range and was immediately impressed with their Riesling. We had high expectations of their Pinot and they didn't disappoint. The Saumagen Spätburgunder GG is indeed a superb wine from a great terroir. Saumagen is on limestone soil. It has indeed lived up to its reputation as one of the best vineyards in Pfalz. What blew us away was their Bordeaux blend Das Kleine Kreuz (small cross) and Das Kreuz (the Cross). Really well made and will give Bordeaux 2nd wine a run for their money! Highly recommend you to try them. Their Syrah Reserve is impressive too. With a new winery and having expanded by almost 10 hectares, it is evident that their wines are selling really well . Lastly, everything about them screams quality , from their new winery design, wine label and packaging. Great future lies ahead...

1	Pfalz Spätburgunder	2020	50	Their basic Pinot Noir are fruity and well balanced. Would appeal to most consumers. Highly recommended. Organic certified.
2	Kallstadt Spätburgunder 'Vom Kalkfels'	2017	65	Village quality wine from Kallstadt. Kalkfels = limestone. Really bang for bucks. Ripe red fruits with some minerality. No fining and no filtration. Small % of new oak.
3	Saumagen Spätburgunder GG	2020	150	The flagship Pinot Noir. Famous Grand Cru in Pfalz. Limestone soil. When served blind, some Burgundy lovers thought it was a Vosne Romanee! :) We highly recommend all Pinot Noir/Burg lovers to try this. Drink now till 2035. Max. 6 per customer. WA 94/100. 2017 vintage at \$170.
4	Das Kleine Kreuz	2017	68	Literally means small cross. Blend of Merlot, Cabernet Sauvignon, Cabernet Franc and St. Laurent. Really great value Bordeaux blend! Must try! Will give 2nd wine of Bordeaux a run for their money. Aged in part new and old French barrique. No fining and filtration.
5	Das Kreuz	2017	102	Big brother here. The Cross literally. Blend of Carbenet Sauvignon, Merlot, Cabernet Franc and St. Laurent. Aged in mostly new French barriques. No fining and filtration. Superb value for money.
6	Syrah Reserve	2018	102	100% Syrah. This is a solid Syrah. Aged in part new and old French barrique. Modelled after Northern Rhone style. Spicy and elegant.
7	Pfalz Riesling	2019	45	Estate grown grapes (i.e. no purchased grapes). Fresh and fruity! Organic certified. Highly recommended.
8	Pfalz Chardonnay & Weissburgunder	2019	44	Estate grown grapes. Spontaneous fermentation, aged on lees. Slightly fruity with supple finish.
9	Kallstadter Steinacker Riesling	2019	75	Classified as Erste Lage (1er Cru) . We really like the wines from this vineyard. Maybe because it is a cooler site (we love cool climate wines). Its located above the hill, high above Saumagen Grand Cru . Dry and chalky soil. Crisp, fine fruits and salty minerality. We like this.
10	Weilberg Riesling GG	2019/20	110	Weilberg is a Grand Cru located on a clayey soil rich in iron oxide. Site is a 2000 years old ex-Roman winery. Expressive and complex. Long finish.
